

# clariti<sup>®</sup> 1 day

Great value and high breathability<sup>1</sup> in a convenient daily disposable contact lens.

CooperVision<sup>®</sup>  
Live Brightly.<sup>®</sup>

If you're health-conscious and looking for an affordable, high-performing contact lens that will keep you feeling good about your wallet and your eyes, look no further than CooperVision<sup>®</sup> clariti<sup>®</sup> 1 day contact lenses.

With clariti 1 day, you can be confident that your eye health is supported because you replace each lens daily, it has a built-in UV blocker\* and it's made with a healthy lens material that delivers 100% of the oxygen your eyes need.<sup>†‡1</sup> While wearing clariti<sup>®</sup> 1 day contact lenses, you'll enjoy excellent vision quality<sup>2</sup> and a comfortable lens-wearing experience, all at a price that'll make you smile.

## Replacement Schedule

Daily

## Corrects

Nearsightedness

Farsightedness

## The features you'll love

- Soft silicone hydrogel lens material with high breathability helps keep your eyes healthy and whiter.<sup>‡1,3</sup>
- WetLoc<sup>®</sup> Technology and high water content help keep your contact lenses moist, supporting excellent all-day comfort.
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.\*

\* Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. Patients should continue to use UV-absorbing eyewear as directed.

† During daily wear.

‡ With higher oxygen permeability than hydrogel materials, silicone hydrogel contact lenses minimize or eliminate hypoxia-related signs and symptoms during lens wear.
