

Proclear[®] toric

Helps provide all-day comfort for contact lens wearers with astigmatism who experience eye dryness.

CooperVision[®]
Live Brightly.[®]

If you wear contact lenses to correct your astigmatism and you experience eye dryness and irritation during lens wear, CooperVision[®] Proclear[®] toric contact lenses may help. They're made with PC Technology[™], which was specially created for contact lens wearers like you; it attracts water to your lenses, helping them remain fresh and comfortable all day long. Focus on life and not on your contact lenses with Proclear.

The features you'll love

- Made by CooperVision, a world leader in toric contact lenses, the Proclear toric design provides on-eye stability, comfort and vision performance.
- PC Technology attracts water to each Proclear contact lens, creating a shield of water around it. This helps your lenses stay hydrated, so they feel moist and comfortable throughout the day.
- The Proclear lens material helps you avoid eye irritation by resisting deposit build-up over the course of your day.
